

# TO ACTIVATE THE SOLAR LIGHT REMOVE THE BATTERY PULL-TAB

Your Let's Edge It!® Solar Cubes have been shipped with protectors to keep the battery fresh. You need to remove them prior to use from the underside of each Solar Cube..

- 1 Loosen only the first 2 screws**  
Do not remove
- 2 Remove tab by pulling out completely**  
Be careful not to dislodge the battery
- 3 Tighten all 6 screws**

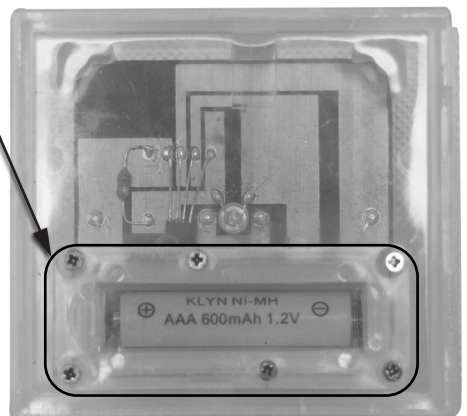

**Note:** Solar lights may come in a discharged condition. If so, several days in the sun will bring them up to full charge.

**CAUTION: Do not overtighten screws**  
Turn over for instructions to replace the battery.

## HOW TO REPLACE THE RECHARGABLE BATTERY

- 1 Remove all 6 screws**
- 2 Remove cover and battery**  
Keep gasket for water-tight seal
- 3 Replace ONLY with Ni-MH Rechargeable AAA battery**
- 4 Replace cover and gasket**  
Tighten screws

**CAUTION: Do not overtighten screws**  
Turn over for instructions to activate the solar light.
